### RELATIONSHIPS AND SERVICES

*What investment services and advice can you provide me?*

We offer personalized investment management services to retail investors by giving you continuous advice and making investments for your account based on your individual investment goals. As a standard part of our investment management services, we monitor the investments in your portfolio on a quarterly basis. We will contact you (by phone or e-mail) at least annually to discuss your portfolio and to see if there are any changes in your financial circumstances and investment guidelines. You can choose an investment management account that allows us to buy and sell investments without asking you in advance (a “discretionary account”) or we may give you advice and let you make the ultimate decision regarding the purchase or sale of investments (a “non-discretionary account”). In order for you to establish an investment management relationship with us, we require a minimum account size of \$500,000, although we may waive this requirement under certain circumstances.
